CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Our institution is committed to provide the distinctive learning environment and skills, for understanding of self and others, to learn to solve personal and social problems and continually improving the overall performance of the 'Quality Management Systems'. MISSION "To Serve the Society by Creating A Quality Learning Environment Committed To Creative, Innovative And Value Based Learning." VISION "To Be One of the Top Global Integrated Colleges Known for Commitment Towards Quality, Value Based Education, Research and Social Responsibility." The vision and mission of Institute of Management Education are collaborated with the objectives of the society and reflects the commitment of the Institution towards the overall development of the students and inculcating national and human values in them through academic, co-curricular and socially meaningful activities. IME focuses on student empowerment and developing functioning and performing in the global scenario. Managing business in the globalised scenario is the need of the hour and thus courses are formulated by CCSU Meerut and AKTU Lucknow to equip students to face this challenge. Also, the Institution focuses on developing new paradigms and inculcating national values for holistic development of the students. The teaching, learning and evaluation schedules are strictly as per the Academic calendar notified by the CCS University and AKTU Lucknow. The institute has well qualified, dedicated, and experienced faculty. The traditional classroom teaching is supplemented by regular tests, tutorials, group discussions, extensive lab work, projects, seminars and industrial exposure by way of industry visits and summer training internships and research projects. The institute and Faculty members adopt various policies for bridging the knowledge gap of the enrolled 'weak' students to enable them to cope with the programme of their choices as well as promote, reward and facilitate 'advanced' learners. For well -planned curriculum delivery, lesson plan file is prepared by every Faculty member before commencement of Semester. As per the lesson plan the contents are delivered to the students and it is monitored by respective program coordinators and head of the departments and members of IQAC Committee. Class tests are conducted to evaluate the academic performance of students. Students regularly make power point presentations on the given topic given by their respective faculty members. Continuous review of the progress of syllabus completion, performance of the students, association activities are done in the department level meetings. OBJECTIVES: • The objective is to equip and empower students with relevant knowledge, competence, and creativity to face global challenges. • To organize social welfare activities in nearby area sanded courage students 'participation in such activities regularly. • These are communicated to all, through Prospectus, Golden Guide, Displays on Board, Website, meetings with parents, meetings with Corporate Representative for placement drive and Alumni Meeting. • To develop attitude, competence and core skills, essential to teaching learning process among the student teachers.

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

This approach was implemented to improve the student-teacher interaction and provide academic guidance to pupils. 1. Every instructor serves as a mentor to the pupils who are assigned to them. Students will be required to meet with their Mentor at least once a month for advice. Students must feel comfortable confiding in their Mentors about their academic issues. 2. When the students are summoned, they must meet with the Mentors. 3. Before missing courses, students should get permission from their Mentor. They must submit to the Mentor a leave letter for a period / day / day of absence. Based on leave records and Mentors advice, the condonation of a lack of attendance will be advised. 4. The Mentor will keep track of the students test and examination results, as well as their behaviour. Mentors provide students with different types of support, including:- • A refereeing department has been set up to listen to and respond to student complaints. • Internship cells have been set up to provide internship service information to BBA, BCA, B.COM, M.COM, MCA, and MBA students. • Extracurricular and cultural events are held. • Regular seminars and workshops for BBA, BCA, B.COM, M.COM, MCA and MBA students. The awards event is held to recognize the most deserving pupils (100 percent attendance). Class attendance, pass rates, class grades, assignment regularity, punctuality, and personal interaction are used to identify students who are slower to grasp than their classmates. Teachers at the academy are aware of this and provide the appropriate attention to the students at varying paces. Educational institutions use the following strategies to encourage and motivate later and better learners identified. For slow learners: • Each department organizes various programs such as remediation classes, trial tests, debates, group discussions, performances, and personal development workshops. • Mentors are appointed to meet the needs of slow learners. They provide them with personal, scientific, and social advice. • Mentors help students, especially slow learners, develop and move forward in their personality. A class coordinator is appointed to each class to specially care for, monitor, and guide slow learners and help them improve. Meanwhile, the institute selects, and processes senior students as needed. Advanced students benefit from cutting-edge technology such as a full library with the most recent editions of books, online publications, computer laboratories, internet access, and other resources. Participatory learning is encouraged through both in-school and out-of-school activities. Senior students are also encouraged to participate in internships and industry-related projects as part of their research efforts and to study outside of the classroom. Management festivals, quizzes, debates, seminars, exhibits, colloquiums, and other events are held to assist advanced learners stay motivated and excel in all areas.

2.5.2 - Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The institutes continual internal assessment system has been changed from a faculty-centric to a student-centric method. The Institute Exam cell
established criteria for administering the CIE in accordance with the Affiliate
Universitys and Institutions calendars. The following reforms have been carried out efficiently during CIE in accordance with the guidelines: • Internal Test
Scheduling, Seating Arrangements, and Hall Invigilators for each examination. • Using updated Blooms taxonomy, prepare the question paper for the internal
examination according to the stipulated pattern. • To assure the quality of the question paper, the HoD/Subject expert scrutinizes the prepared question paper.
• Keeping track of the pupils examination attendance. • Internal evaluations must be completed within the time frame allotted. • After the internal
examination is completed, the faculty evaluates the response scripts and distributes them to the students for explanation or re-correction.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The Institute adheres to the academic calendar created according to the calendars provided by CCS University and AKT University for their respective courses. Each year, we create an academic calendar for the institute and a department-related activity plan to ensure that everything goes smoothly. 1. For the conduct of CIE, the institution follows the academic calendar. The academic calendar is created by the Principal and Dean (Academics) in collaboration with the Head of Department (s). 2. At the start of each academic session, students are informed of the academic calendar, which is posted on the college website and displayed on notice boards and in other prominent areas. 3. Only the president of the institution has the authority to make modest alterations to the academic schedule that he deems necessary due to unforeseen circumstances. 4. The academic calendar contains the schedule for all examinations. As an affiliate of CCS University and AKT University, we follow the university timetable. We have created academic calendars for various programs based on the schedule guidelines and academic schedules of the universities to which we belong. In general, these are the following guidelines for your academic schedule, along with an annual schedule for cultural and athletic gatherings. A. Beginning of the academic sessions. B. Last working day of thesemester. C. Mid-term examinationschedule. D. Annual Sportsmeet E. Annual culturalFest F. End term theory and Practical examinationschedule. G. Vacation schedule.

Yes, the college has a Student Union duly selected every year through a fair, democratic procedure organized by Students Advisory Committee in accordance with college rules. The college administration ensures that free and fair selection of students are done according to general proficiency of students throughout the year. Every department has an exclusive Student Society for organizing various academic and extra-curricular activities of respective departments throughout the year. Academic: Each department has an exclusive society to organize events like seminars, conferences and activities related to the discipline. These activities are managed by students who hold various executive positions in the societies. Extra-curricular Societies: Committees like the Magazine Committee and the Cultural Committee elect students for various positions. Students are delegated with the task of managing and organizing respective activities. The elected editorial board is responsible for editing, designing and collaborating material for the magazine. In the cultural committee, students handle the task of facilitating the organization of events in and across colleges. Societies are managed by student representatives under the guidance of the teachers. Our student representatives are part of the College Complaints Committee (against sexual harassment), the Library Committee and the women assistance committee.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

Title of the Practice: Radhika Scholarship Scheme Goal Aims and Objectives: The Management has decided to introduce Radhika Scholarship Scheme only for Girls

from 2018 to promote Girl Child in Higher Education inspired by Govt. 'Beti Bachao Beti Padao' Abhiyan The Context: The major emphasis was to promote the girls' education by providing them financial aid so that more parents shall be encouraged and motivated to send their daughters to the colleges for acquiring higher education. The practice: This scheme is applicable for all courses with the 50 (rounded) of academic fee subject to the following terms and conditions: (a) On admission confirmed by the University.. (b) Fees payment yearly-latest by July. (c) I year: On 60 marks on entry level exam, in fees of admission year. (d) Il year: On 65 marks obtained in I year exam of the University, in fees of 2nd year.. (e) III year: On 70 marks obtained in 2nd year exam of the University, in fees of 3rd year. (f) IV year: On 75 marks in 3rd year exam of the University, in fees of 4th year. (g) V year: On 75 marks in 4th year exam of the University, in fees of 5th year. (h) No other any FREE facility or benefit, in any course will be available/given to the Girl-student admitted under this Scheme of "Radhika Scholarship". (i) Admission procedure of University will be followed and completed by the candidate herself like on-line registration, online examination form fee etc. etc. on guidance of the college. • Good Discipline good conduct throughout the year. • The Scheme is applicable to Entry level only: ? 60 marks (without any back/compartment) in X/Graduation -50 of academic fees, in fees of admission year. Please note that Vocational Subjects or 6th Subject will not be included in calculation of for scholarship. • Admission, Examination fee and procedure of University will be followed and completed by the scholar only. Evidence of Success: More enrolment via RSS can be observed in IME College which have improved the gender ratio of the college students. Problems encountered and resources required: Though RSS has provided support in bringing more girl child to college but still there is a scope of taking this scheme to more households so that more girl students who aspire to attain higher education can get advantage through this scheme. BEST PRACTICE-II Title of The Practice: Helping the teaching staff, non-teaching staff and students of the institute and motivate them to excel in their areas of expertise Goals Aims and Objectives: This practice would ensure continuous improvement in their performance as per the quality policy to achieve the Vision and Mission of the institute. The Context: The institute believes that a motivated workforce (Staff and Students) can be a significant factor in institute's success. When staff and students are motivated to work at higher levels of their skills and abilities, the institute as a whole run more efficiently and is more effective at achieving its objectives and goals. For this reason, the institute has understood the power of reward systems and how they are helpful in influencing Students and Staff behaviour. The Practice: The student who ranks first in the class in the University examinations is declared as Topper of the Class. The Student who scores maximum marks in subject is declared as Subject Topper. Staff working on attaining higher education skills are given appraisal in order to boost them to keep working on their selfimprovement. Evidence of Success: Rewards are positive outcomes that are earned as a result of staff's and students' performance and achievement. These rewards are aligned with institute's objectives and goals. When any staff or student helps the institute in the achievement of one of its objectives and goals, a reward often follows. Problems Encountered Resources Required: The students and staff are often lethargic to work on self-development. Higher motivation is needed to be provided to make them work on the self-development.

8. Future Plans of Actions for Next Academic Year

Continuing with the tradition of striving for excellence, the Academic Calendar would be prepared, as per the Academic Calendar of the Affiliating University with additional activity. This year, we plan to make the Academic Calendar more 'action-oriented', especially as per the needs of various Departments. More extension lectures, industrial interaction and industrial visits will be scheduled, so as to bridge the gap between classroom teaching and industrial requirements. Also, keeping in mind the high level of stress among youth, new activities would be planned for the mental well-being of the youth. More activities of Social Outreach would be organised like donation camps, blood donations, plantation drives, environment awareness events etc. Apart from increasing the activities in these regular areas, we at IME plan to do the following additional things in the next academic session. • Industry Interface • Increase Alumni Engagement • Plantation Drive • To provide guidance to the students for competitive exams and higher studies. • To conduct remedial classes for the weak students. • To motivate faculty members for research and refresher courses. • To enhance academic environment by conducting more workshop/seminar/conferences/skill development activities. • Improving classroom hygiene.
